do my best to read it. Installed the latest version of the app and it works fine now. Thank you so much for your help. Dell Inspiron xps 15 9530 laptop cannot switch on and I have a replacement key to put in. A: Sorry, I won't be able to help you with that unless the computer is working and being used. It may be that the old key the vendor gave you to boot it up is good, or it may be that your replacement key is somehow not working. I hope the computer helps you with problems at work.

Alternately, you could boot it up in recovery mode and do a safety erase of your hard drive by selecting WIPE command and pressing "A". I'm sorry

you're having issues. A: I found the solution by myself. For a long time, I couldn't put it into words but: I had to make some changes on my BIOS, I edited it not by myself, but someone helped me to do it. It was hard for me to understand that just because it didn't work didn't mean the problem was related with the BIOS. I was suspicious even looking at the bug report. Q: Show that $x^2 + y^2 = 1$ and $|z - 1| = 1$ have no solutions such that $|z - 1| \geq 3$. Show that $x^2 + y^2 = 1$ and $|z - 1| = 1$ have no solutions such that $|z - 1| \geq 3$. From my notes, I think it's pretty much a case that if the first inequality is true then the second

inequality cannot be true because if
 $z=1$ then $|z+1|=1$ ' stelle a
